Dear LPCSC Families,

Today, a document was released by the Indiana Department of Education entitled; "Indiana's Considerations for Learning and Safe Schools." Over the next few weeks our administrative team will be meeting with school administrators statewide to review and interpret the contents of the document. The document primarily contains guidance for consideration. The document does not specifically state requirements because of the variations that exist in Indiana communities regarding the number and trends in Covid-19 cases.

For your information, we have established a representative committee to discuss guidance from state and local officials. This committee will be developing our comprehensive plan for a safe return in the fall. The plan that will be developed will be shared with the La Porte County Health Department and the LPCSC Board of School Trustees prior to implementation.

On behalf of the board of school trustees and our staff, I thank you for your patience, sacrifice, and contributions this year in what was certainly an unconventional school year. The administrative team is committed to doing everything possible this summer to ensure a safe and smooth transition back to school in the fall.

Slicer Strong!

Respectfully,

A handwritten signature in black ink that reads "Mark Francesconi".

Mark Francesconi
Superintendent, La Porte Community School Corporation
