## Living to Serve

For our community service project we helped prepare and serve the community meal at the Pax Center. We learned how to cook a meal for 100 people in less than 2 hours and how important the Pax Center is for the community. We all had a great time working together to help others! We had a total of 10 members and Mr. Jason Clemons, the program manager, and also the assistant principal Ms. Candace Schafer.

## Homecoming Float-

Even though it was cold and rainy, the weather didn't dampen our school spirit or the fun we had. Everyone had a great time riding on the float downtown and back to the high school.
