Kesling Intermediate School and LaPorte Middle School walking boundaries.

With the combination of Kesling and Boston schools, new walking boundaries have been established. The change may create bus riders out of some kids that have never rode a bus before and kids that always rode may be walking.

The changes have stayed within a mile walking distance and in many cases are less, depending on sidewalks and level of vehicle traffic.

The northern boundary is 10th St. (both sides of the road).
