VISITOR'S POLICY

(It is the general policy of La Porte High School to NOT allow visitors.)

La Porte High School has a Visitor's Policy in place to try to avoid any unnecessary interruptions to the educational process. All visitors to LPHS are asked to check in at the main office. The following guidelines will be strictly adhered to:

1. LPHS students will not be allowed, under any circumstances, to bring visitors with them to classes during the school day.
2. Former students are welcome to visit their former teachers AFTER 2:40 P.M.
3. Pre-school and elementary school-age children are not to be brought to school unless requested for a class by a teacher. They are to be taken only to the class requested and then leave.
4. Students transferring to LPHS from another school may visit the school during scheduled classes, if arranged in advance with the LPHS Guidance Office.

If you have experienced discrimination in such employment, educational programs, or student activities, written inquiries about procedures that are available and for consideration of complaints alleging such discrimination should be directed to the Assistant Superintendent, 1921 "A" Street, La Porte, Indiana, 362-7056.

Students are not to use the phone during scheduled class time.

CARE OF SCHOOL PROPERTY

Basic to the philosophy of the School Board is a respect for the rights of others. Students are urged to exercise this respect in regard to the belongings of others, including school property. Each student should realize that vandalism to school property is costly to repair and is directly related to increased school taxes.

Attempts should be made to teach students respect for property which can be done in connection with the care of textbooks and the use of school materials and equipment.

Students who cause damage to school property shall be subject to disciplinary measures and restitution for damages.

The Board authorizes recovery of costs related to the loss, damage, or destruction of school equipment, apparatus, musical instruments, library materials, textbooks, and for damage to school buildings.

The Board reserves the right to file a civil action in a court of competent authority against parents of a student who willfully destroys Corporation property.

The Superintendent shall develop procedures to implement this policy which include the requirement that all incidents involving the destruction of property be reported to the Board. The Superintendent may report to the juvenile authorities any student whose damage of school property has been serious or chronic in nature.

STUDENT CONDUCT

Respect for law and for those persons in authority shall be expected of all students. This includes conformity to school rules as well as general provisions of law regarding minors. Respect for the rights of others, consideration of their privileges, and cooperative citizenship shall also be expected of all members of the school community.

Respect for real and personal property; pride in one's work; achievement within the range of one's ability; and exemplary personal standards of courtesy, decency, and honesty shall be maintained in the schools of this Corporation. It is the responsibility of students, teachers and administrators to maintain a classroom environment that:

- A. allows teachers to communicate effectively with all students in the class;
- B. allows all students in the class the opportunity to learn;

- C. has consequences that are fair, and developmentally appropriate;
- D. considers the student and the circumstances of the situation; and
- E. enforces the Student Code of Conduct/Student Discipline Code accordingly.

The Superintendent shall establish procedures to carry out Board policy and philosophy, and shall hold all school personnel, students, and parents responsible for the conduct of students in schools and on school vehicles.

The Superintendent is authorized to establish administrative guidelines on the dangers of dangerous weapons which require students to report knowledge of dangerous weapons and threats of violence by students and staff to the building principal. Failure to report such knowledge may subject the student to immediate suspension and potential expulsion from school.

Student conduct shall be governed by the rules and provisions of the Student Code of Conduct. This Code of Conduct shall be reviewed periodically.

STUDENT DISCIPLINE

The School Board acknowledges that conduct is closely related to learning and that an effective instructional program requires an orderly school environment, which is, in part, reflected in the behavior of students.

The Board believes that students should learn to assume responsibility for their own behavior and the consequences of their actions.

The Board requires each student of this Corporation to adhere to the rules of conduct promulgated by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. Such rules shall require that students:

- A. conform to reasonable standards of socially-acceptable behavior;
- B. respect the person and property of others;
- C. preserve the degree of order necessary to the educational program in which they are engaged;
- D. respect the rights of others;
- E. obey constituted authority and respond to those who hold that authority.

Data regarding disciplinary action(s) may be entered on a student's record when such notation can be used to assist counselors. All such information shall be removed from the student's permanent record before s/he leaves this Corporation.

The Superintendent will promulgate administrative guidelines for student conduct which carry out the purposes of this policy and:

- A. are not arbitrary but bear a reasonable relationship to the need to maintain a school environment conducive to learning;
- B. do not discriminate among students;
- C. do not demean students;
- D. do not violate any individual rights constitutionally guaranteed to students.

The Superintendent will designate sanctions for the infractions of rules, which:

- A. relate in kind and degree to the infraction;
- B. help the student learn to take responsibility for his/her actions;
- C. are directed, where possible, to reduce the effects of any harm which may have been caused by the student's misconduct.

The Superintendent shall publish to all students and their parents the rules of this Corporation regarding student conduct, the sanctions which may be imposed for breach of those rules, and the due-process procedures that will be followed in administering the rules of conduct. Parents and students who are eighteen (18) years or older, will be provided a form which is to be signed and returned to the school principal confirming that the rules of conduct have been read and is understood. Failure to return the form shall have no effect on the utilization of the disciplinary actions contained in the rules with that student.

Discipline on Corporation vehicles shall be the responsibility of the driver on regular bus runs. When Corporation vehicles are used for field trips and other Corporation activities, however, the teacher, coach, or advisor shall be responsible for student discipline. If a student becomes a serious discipline problem on the vehicle, the Superintendent may suspend the transportation privileges and/or suspend or expel the student from school providing such discipline conforms with due process.

Teachers and other employees of this Board having authority over students shall have the authority to take such means as may be necessary to control the disorderly conduct of students when such conduct interferes with the educational program of the schools or threatens the health and safety of others.

Parent, Guardian, or custodian cooperative with validly adopted rules and regulations of La Porte Community Schools is an exception. Failure of a parent, guardian, or custodian to participate in, and support, a disciplinary proceeding in connection with the student's improper behavior, as provided for by I.C. 208.15.119 and/or other applicable sections of the Indiana Code, may result in that parent/guardian or custodian being referred to the Division of Children and Family as a CHINS (Child(ren) in need of services) referral.

No student is to be detained after the close of the regular school day unless the student's parent has been contacted and informed that the student will be detained or other suitable transportation arrangements have been made.

STUDENT BEHAVIOR EXPECTATIONS

The development of positive expected behavior is a continuous task of helping students understand the sense of acting in an acceptable manner. It is the responsibility of the parent to begin this training process and to prepare the student to begin assuming responsibilities appropriate for the school environment prior to the student entering school for the first time and before each school year begins.

Positive student citizenship is an expectation of the La Porte Community School Corporation. Students are expected to live up to the established codes of citizenship as set forth by the norms of the school and community. The school has the right to expect reasonable and self-disciplined behavior on the part of the students. Self-discipline is seen as the most important outcome of education in a nation dedicated to liberty and, therefore, it is imperative that we promote respect for the laws of society and for each person in it. Those in opposition because of their own beliefs should not and will not interfere with the rights of others.

It is our mission to provide each student an educational environment equal to every other student so that s/he can prepare for the future. At the same time the school must protect the rights of all students so they might expect an education commensurate with their abilities, interests, values, and goals. The school will provide safeguards for the health, safety, and rights of all students without discrimination.

Creating a positive school climate is the greatest factor in improving student behavior. Students need to feel they belong and are an integral part of the school. When students feel they belong to a school, they feel that the school: serves them and their needs, is a safe and happy place to be, treats them as valued individuals, is fair, and provides ways in which student concerns are advocated.

The purpose of this document is to provide direction and a general statement regarding positive student behavior in the La Porte Community School Corporation. All members of the school community, including students, faculty, administrators, and parents/guardians, share in the responsibility to support the rules of the school.

The following items are considered to be zero tolerance misbehaviors and very serious in nature. Building administrators will seriously consider a recommendation for expulsion for the following misbehaviors:

- A. Gangs and/or gang-related activities.
- B. Disrespect to, curse at, and/or attempt to intimidate any other student or adult in the school setting.
- C. Vandalize any school property.
- D. Weapons of any type on school grounds.
- E. Possession, use of, being under the influence of, or the sale of any controlled substance or alcohol or any representation of such controlled substance and/or alcohol.
- F. Extortion or attempt to extort anything from another student.

PHYSICAL ASSAULT - The La Porte Community School will not tolerate the physical assault by one student toward another or toward an adult. Physical assault is to be defined as verbal/physical threats to do harm; an act of attack with the force to cause serious injury to the receiving party. Battery is the illegal touching or beating of another. Assault and battery are defined as "the intent to do harm".

SEXUAL ASSAULT - The La Porte Community School will not tolerate sexual assault at school or at school-sponsored events. Sexual assault is defined as unwelcome and repeated sexually suggested verbal or physical contact, as well as harassment of one student toward another.

DANGEROUS WEAPONS - Students will not bring weapons or objects on school property. Dangerous weapons are considered to be objects or instruments used to harm or hurt another person.

FALSE FIRE ALARMS - Students will not break or pull the fire alarm at any time UNLESS there is an emergency to report. It is illegal for a student to MALICIOUSLY pull, break, or destroy a fire alarm in a school building or other school property with the intent of causing damage to valuable property.

The rules listed hereafter arise from previously approved Board policies and regulations, all of which have been provided to the students and are available in each school and student handbook. These rules are intended to compliment and not supersede all such policies and regulations.

DRESS AND GROOMING

The School Board recognizes that each student's mode of dress and grooming is a manifestation of personal style and individual preference. The Board will not interfere with the right of students and their parents to make decisions regarding their appearance, except when their choices interfere with the educational program of the schools.

Accordingly, the Superintendent shall establish such grooming guidelines as are necessary to promote discipline, maintain order, secure the safety of students, and provide a healthy environment conducive to academic purposes. Where and when appropriate, above offenses will be referred to local law enforcement agencies, as well as dealt with by school administrators. Any consequences and/or corrective measures imposed for violations listed above could include any of the following:

IN-SCHOOL SUSPENSION - It is the purpose of this policy to provide an alternative to out-of-school suspension. The availability of this option is dependent upon the financial ability of the School Board to support such a program.

In-school suspension will only be offered at the discretion of the principal for offenses found in the Student Code of Conduct.

The Superintendent shall establish administrative guidelines to implement this policy.

SUSPENSION PROCEDURES - In-school suspension may be considered as an alternative disciplinary action. Parent(s)/guardian(s) shall be notified of the suspension and the reason(s) for the suspension.

Out of class suspension may be administered by the classroom teacher for one period or its equivalent. Administrators and parents must be informed of the details by the classroom teacher as soon as possible following the infraction.

Detention is an option available to teachers and administrators as a consequence for inappropriate behavior.

EXPULSION PROCEDURES - A student, for sufficient cause as outlined by Board policy and state law, may be recommended for expulsion for any of the above offenses. All procedures as outlined in Board policy and State law concerning expulsion will be followed.

This applies to storing weapons in a vehicle as well.

INDECENT CONDUCT AND/OR SEXUAL MISBEHAVIOR - Being involved, alone or with others, in ways that could be considered sexually offensive will not be tolerated. This type of behavior is unacceptable and prohibited in or on school property and during school-related activities.

DRESS CODE - Students are expected to observe ordinary standards of grooming with attire appropriate to a comfortable but professional and working school atmosphere. It is reasonable for LPHS to have expectations for dress that reinforces the same expectations that employers will have for their workforce. Each student should dress in a manner that is appropriate

for school and its related activities. Students should not wear any apparel that could cause harm to themselves or other students. The following list of dress code rules will be enforced by staff:

- No Tank tops for either gender; a minimum of 'capped sleeves' including dresses
- No crop tops or see-through tops
- No cut-out shirts revealing skin in the front or back

This would include the possession of any item that advertises or promotes drugs, alcohol, tobacco, sex, profanity, or obscenity.

PUBLIC DISPLAYS OF AFFECTION - Students should not, under any circumstances while on school grounds, anywhere in the building, or at school functions, show affection to one another in a manner that creates a scene and/or draws undue attention. The faculty and administration feels this creates a poor image of our student body and that school is not the place to engage in any affectionate gestures. If the faculty or administration feels the situation warrants, students who persist in this conduct will be called to the office, counseled, and parents informed. Subsequent behavior of this nature could result in suspension with parents called in to discuss the problem.

PERSONAL COMMUNICATION DEVICES

Students may use personal communication devices (PCDs) before and after school, during their lunch break, in between classes as long as they do not create a distraction, disruption or otherwise interfere with the educational environment, during after school activities (e.g., extracurricular activities) at school-related functions. Use of PCDs, except those approved by a teacher or administrator, at any other time is prohibited and they must be powered completely off (i.e., not just placed into vibrate or silent mode) and stored out of sight.

For purposes of this policy, "personal communication device" includes computers, tablets (e.g., iPads and similar devices), electronic readers ("e-readers"; e.g., Kindles and similar devices), cell phones (e.g., mobile/cellular telephones, smartphones (e.g., BlackBerry, iPhone, Android devices, Windows Mobile devices, etc.) and/or other web-enabled devices of any type. Students may not use PCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school. Students may use PCDs while riding to and from school on a school bus or other Board-provided vehicles or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher, sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated.

Also, during after school activities, PCDs shall be powered completely off (not just placed into vibrate or silent mode) and stored out of sight when directed by the administrator or sponsor.

Under certain circumstances, a student may keep his/her PCD "On" with prior approval from the building principal.

Except as authorized by a teacher, administrator or IEP team, students are prohibited from using PCDs during the school day, including while off-campus on a field trip, to capture, record and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person. Using a PCD to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a PCD to violate the privacy rights of another person may have their PCD confiscated and held until the end of the school day a parent/guardian picks it up, and may be directed to delete the audio and/or picture/video file while the parent/guardian is present. If the violation involves potentially illegal activity the confiscated-PCD may be turned-over to law enforcement.

PCDs, including but not limited to those with cameras, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, classrooms, Gymnasiums, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The Superintendent and building principals are authorized to determine other specific locations and situations where use of a PCD is absolutely prohibited.

Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior. In particular, students are prohibited from using PCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, color, national origin, sex, sexual orientation, disability, age, religion, ancestry, or political beliefs; and (2) engage in “sexting” - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Possession of a PCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The building principal will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student’s parent/guardian after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned-over to law enforcement. A confiscated device will be marked in a removable manner with the student’s name and held in a secure location in the building’s central office until it is retrieved by the parent/guardian or turned-over to law enforcement. School officials will not search or otherwise tamper with PCDs in Corporation custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5771 – Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a PCD to school for a designated length of time or on a permanent basis.

A person who discovers a student using a PCD in violation of this policy is required to report the violation to the building principal.

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.

Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office. Students may use school phones to contact parents/guardians during the school day.

ARTICLES PROHIBITED IN SCHOOL - Problems arise each year because students bring articles which are hazards to the safety of others or interfere in some way with school procedures. (Such items, as toy guns, water pistols, bean shooters, hand-cuffs, sling shots, knives, hard balls, firearms, ammunition, laser pointers, etc. are undesirable and will be impounded). Skateboards and other dangerous or hazardous items are not allowed on school grounds. Parents are requested to help students understand the necessity for such regulations.

BOMB THREATS/ILLEGAL FIREARMS - Incidents such as bomb threats or setting off false alarms will not be tolerated.

STUDENT PRIVACY - Students can expect some rights of privacy at school. However, personal property and papers that are causing a disruption or are in violation of school rules can be confiscated. Where and when appropriate, or as mandated by law, offenses will be referred to local law enforcement agencies as well as dealt with by the school administrators.

GANG ACTIVITY - The participation in any unauthorized club, secret society, and/or gang activity is not allowed. This includes, but is not limited to, the display or possession of gang symbols, or colors (i.e. 5 & 6 pointed stars and colored necklaces), the solicitation of others for membership, the requesting of payment of dues, insurance, or other forms of protection from individuals. This also includes intimidating or threatening an individual or inciting others to participate in any form of physical violence involving a person or property.

STUDENT I.D. - Every student must have an I.D. card; the card must be carried at all times while in school or involved in a school activity. Upon request, a student shall present the I.D. card to any school employee. In addition, I.D.’s will be required to attend school dances

HALLWAY CONDUCT - During passing periods, students should move towards the next class and not block hallways. During class time, students are required to have a pass to be in the halls.

STUDENT PARKING - All students should park in the “F” Street parking lot (east) in a designated parking space. Students who park illegally could be towed or ticketed. Students’ are not to park in the “I” street lot (west) unless prior permission has been granted.

TRUANCY- Any student who is not in class shall be considered truant unless proper verification has been filed with the attendance office.

Where and when appropriate, the above offenses will be referred to local law enforcement agencies, as well as dealt with by school administrators. Any consequences and/or corrective measures imposed for violations listed above could include any of the following:

PARENTAL CONFERENCES - Parent conferences are held in an effort to clarify student behavior and seek help and cooperation from parents. Every effort should be made by teachers and administrators to involve parents at the outset of any perceived misbehavior problem.

TIME OUT - A student may be removed from an assigned class or classes in a "time out" situation for a special period or until certain conditions have been satisfactorily met. This period of time should be kept to a minimum.

DETENTION - Detention can be held before, during, or after the school day. Consideration shall be given to other obligations of the student when detention is applied, and parent(s)/guardian(s) shall be notified of the detention. If the detention is to be held outside the regular school day, twenty-four (24) hours' notice should be provided to parent(s)/guardian(s).

Students who miss detention without notifying their administrator prior to the time of the detention will follow these consequences:

- 1. A missed hour and a half detention will result in a three hour detention.**
- 2. A missed three hour detention will result in an all day In-School detention.**
- 3. Two missed three hour detentions may result in an out of school suspension or all day In-School detention.**
- 4. Three missed detentions may result in an out of school suspension.**
- 5. Four missed detentions may result in a multiple day out of school suspension and possible recommendation for expulsion or an alternative placement.**

SUSPENSION AND EXPULSION OF STUDENTS

The Board recognizes that removal from the educational programs of the Corporation, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student in this Corporation and one that cannot be imposed without due process since removal deprives a child of the right to an education.

No student is to be suspended and/or expelled from an activity, program, or a school unless his/her behavior represents misconduct or substantial disobedience while the student is on school grounds immediately before or during school hours, or immediately after school hours, or at any other time when the school is being used by a school group; off school grounds at a school activity, function, or event; or traveling to or from school or a school activity, function, or event.

In addition to the grounds specified above, a student may be suspended or expelled for engaging in unlawful activity on or off school grounds if the unlawful activity may reasonably be considered to be an interference with school purposes or an educational function, or the student's removal is necessary to restore order or protect persons on school property, including any unlawful activity during weekends, holidays, other school breaks, and the summer period when a student may not be attending classes or other school functions.

A Student Code of Conduct, approved by the Board, shall specify the procedures to be followed by school officials when administering this policy. In addition to the procedural safeguards and definitions set out in this policy and the student/parent handbook, the procedures set forth in Policy 2461 shall apply to students identified as disabled under IDEA.

For purposes of this policy and the Superintendent's administrative guidelines, the following definitions shall apply:

- "Suspension" shall be the temporary removal of a student by the school principal from the Corporation's program for a period not to exceed ten (10) school days. A student may be suspended for a longer period of time in accordance with the provisions of I.C. 20-33-8-23 pending expulsion.
- "Expulsion" shall be the removal of a student from the schools of this Corporation for a period not to exceed the number of school days remaining in the school year in which the incident took effect, if the incident occurs during the first semester. If the incident occurs in the second semester, the Superintendent may expel the student for the remainder of the current school year, summer school, and the first semester of the next school year in accordance with the provisions of I.C. 20-33-8-26

Any student who brings a firearm, as defined in I.C. 35-47-1-5, or a destructive device, as defined in I.C. 35-47.5-2-4 to school or onto school property or at a school-related activity or is in possession of a firearm shall be expelled for at least one (1) calendar year unless the Superintendent reduces the punishment for reasons justified by the particular circumstances of the incident.

If the student brings a deadly weapon as defined in I.C. 35-41-1-8 onto Corporation property or is found to possess a deadly weapon on Corporation property or at a school-related activity, s/he shall be expelled for a period of not more than one (1) calendar year. The Superintendent shall notify the law enforcement agency designated by the Prosecuting Attorney immediately when a student possesses a firearm, destructive device, or deadly weapon on school property or at a school-related activity.

The Superintendent shall ensure that a copy of this policy is sent to the State Department of Education as well as a description of the circumstances surrounding any expulsions for the above-stated firearms or weapons offense together with the name of the school, the number of students so expelled, and the types of firearms or weapons that were brought on Corporation property. (20 U.S.C. 3351)

The Board shall not hear any expulsion appeals. A student or his/her parents may make an appeal to the County Court.

The Superintendent shall develop administrative guidelines which provide appropriate procedures for implementing this policy and comply with applicable statutes.

The Superintendent shall report all expulsions and second suspensions to the Bureau of Motor Vehicles in accordance with law and the Bureau's guidelines

SUSPENSION PROCEDURES - In-school suspension may be considered as an alternative disciplinary action. Parent(s)/ guardian(s) shall be notified of the suspension and the reason(s) for the suspension. Out of class suspension may be administered by the classroom teacher for one period or its equivalent. The classroom teacher must inform administrators and parents of the details as soon as possible following the infraction. Out of school suspension may be administered by the building administrators for a period not to exceed ten (10) school days per each infraction. Students may be suspended from school for sufficient cause as regulated by State law. Parents are to be notified as soon as possible. Friday Evening/ Saturday School is an option available to teachers and administrators as a consequence for inappropriate behavior.

EXPULSION PROCEDURES - A student, for sufficient cause as outlined by Board policy and state law, may be recommended for expulsion for any of the above offenses. All procedures as outlined in Board policy and State law concerning expulsion will be followed.

Where and when appropriate, or as mandated by law, offenses will be referred to local law enforcement agencies as well as dealt with by the school administrators.

The above rules, regulations and definitions are meant to complement, not supersede, all rules and regulations validly adopted and established by Indiana Code.

Principals may take any action concerning his/her school at school activities, which is reasonably necessary to carry out or prevent interference with an educational function or school purpose. Major consideration in enforcement of a discipline plan is that the most appropriate disciplinary action taken by school officials is the least extreme measure that can resolve the discipline problem. Not all appropriate disciplinary action can be itemized here. The following is an enumeration of some of the steps that may be employed:

1. Counseling with a student or group of students;
2. Conference with a parent or group of parents;
3. Assigning additional work;
4. Rearranging class schedules;
5. Requiring a student to remain at school after school hours to do additional school work or for counseling;
6. Restricting extra-curricular activities;
7. Removal of the student by a teacher from that teacher's class for a period not to exceed one day;
8. A special course of study;
9. An alternative educational program;
10. An alternative school;
11. Removal of a student from school sponsored transportation;

expulsion cases. Pursuant to this agreement, the Court may order a student to participate in a program that will provide supervision and education for the suspended or expelled student in accordance with the terms of the agreement (IC 20-33-8.5-2).

DISORDERLY CONDUCT

It is the purpose of the School Board, acting within the intent and letter of the law of this State, to provide instruction for students at public expense. Any act of any person(s) to interfere with or to thwart that purpose is unlawful or is in violation of Board policy. Therefore, actions by a student(s) to interfere materially or substantially with the operations of the School Corporation by defacing or destroying school property, by rioting, breaking-in, sitting-in, lying-in, smashing-in, or picketing to force students not to cross picket lines are illegal. Students who engage in such activities may be punished to the full extent of the law and Board policies and Corporation administrative guidelines promulgated thereunder.

For the purposes of this policy, the term "disorderly conduct" shall mean any unlawful student assemblage; or group act of violence, disruption, vandalism, or building seizure; or interference with the functioning of school personnel or any student or group of students.

DRUG PREVENTION

The School Board recognizes that the misuse of drugs is a serious problem with legal, physical, and social implications for the entire school community.

For purposes of this policy, "drugs" shall mean:

- A. all dangerous controlled substances as so designated and prohibited by Indiana statute;
- B. any synthetic drug or derivative thereof defined as a controlled substance by Indiana statute;
- C. all chemicals which release toxic vapors;
- D. all alcoholic beverages;
- E. tobacco and tobacco products;

The Board prohibits the use, possession, concealment, or distribution of any drug or drug paraphernalia at any time on Corporation property or at any school-related event. It further establishes a drug-free zone within 1000 feet of any facility used by the Corporation for educational purposes.

The Superintendent shall prepare guidelines for the identification, amelioration, and regulation of drug use in the schools. Such guidelines shall:

- A. emphasize the prevention of drug use;
- B. provide for a comprehensive, age-appropriate, developmentallybased drug and alcohol education and prevention program which:
 - 1. addresses the legal, social, psychological, and health consequences of drug and alcohol use; and
 - 2. provides information about effective techniques for resisting peer pressure to use illicit drugs and alcohol; and

Such referral may only be made to qualified and properly licensed individuals or programs.
- F. provide information about any drug and alcohol counseling and rehabilitation and re-entry programs available to students and provide procedures to direct students and their parents to the appropriate programs;

The Superintendent shall establish administrative guidelines necessary to implement this policy.

RESTRICTIONS ON DRIVER'S LICENSE OR LEARNER'S PERMITS

Restrictions or invalidation will be in compliance with Indiana Code 20-9-24-2-1. Reasons to have a driver's license not issued or invalidated include, a habitual truant, a second suspension from school for the school year, an expulsion from school, an effort to circumvent the code, and a student who withdraws from school for a reason other than financial hardship.

Any student whose driver's license and/or learner's permit has been invalidated by the State Bureau of Motor Vehicles may appeal pursuant to Indiana Code.

SUSPENSION AND EXPULSION/FIREARMS

The School Board recognizes that removal from the educational programs of the Corporation, whether by suspension or expulsion is the most severe sanction that can be imposed on a student in this Corporation and one that cannot be imposed without due process since removal deprives a child of the right to an education.

For purposes of this policy, suspension and expulsion shall be as defined in the Indiana Code. Specifically, a suspension includes the ten (10) days of suspension by principals which are authorized, as well as any continuation of the principal's suspension by the due process examiner pending an expulsion decision. Additionally, any separation from school ordered by an expulsion examiner for a period of ten (10) days or less shall be considered a suspension. No student shall possess and/or transmit any firearm or deadly weapon on school property. Firearms are defined in accordance with Indiana Code 35-47-1-5 as follows:

- A. Any weapon that is capable of, or designed to, or may readily be converted to expel a projectile by the action of an explosive. This includes but is not limited to:
 - 1. The frame or receiver of any weapon described above.
 - 2. Any firearm muffler or firearm silencer.
 - 3. Any destructive device which is an explosive, incendiary or poison gas bomb, grenade, rocket having a propelling charge of more than four (4) ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine, or any similar device.
 - 4. Any weapons which will or may be readily converted to excel or projectile by the action of an explosive or other propellant and which has a barrel with a bore of more than one-half inch in diameter.
 - 5. Any combination of parts due to device or intended for use in converting any device into any destructive device described in the two immediately preceding examples and from which a destructive device may be readily assembled.
 - 6. An antique firearm.
 - 7. A rifle which the owner intends to use solely for sporting, recreational, or cultural purposes.

A deadly weapon is defined as:

- A. A loaded or unloaded firearm.
- B. A weapon, device, taser (as defined in I.C. 35-47-8-3), or electronic stun weapon (as defined in I.C. 35-47-8-1), equipment, chemical substance or other material that in the manner it is used or could ordinarily be used or is intended to be used is readily capable of causing serious bodily injury. A "knife" is defined as "an instrument that: 1) consists of a sharp edge or sharp pointed blade capable of inflicting cutting, stabbing, or tearing wounds; and 2) is intended to be used as a weapon (as defined in I.C. 35-47-5-2.5(a))
- C. An animal (as defined in I.C. 35-46-3-8) that is readily capable of causing serious bodily injury and is used in the commission or attempted commission of a crime.

The penalty for bringing a firearm to school or on school property or possessing a firearm on school property, including a weapon/firearm stored in a vehicle, shall be expulsion for a period of at least one (1) calendar year with the return of the student to be at the beginning of the first school semester after the end of the one (1) year period. The Superintendent may in a case such as this modify the period of expulsion under this section. The penalty for bringing a deadly weapon to school or on school property or possessing a deadly weapon on school property may be a period of expulsion for a period of not

more than one (1) calendar year. As used in this subsection “physical assault” means the knowing or intentional touching of another person in a rude, insolent, or angry manner. When a student physically assaults a person having authority over the student, the principal of the school where the student is enrolled shall make a referral of the student to the juvenile court having jurisdiction over the student. However, if a student with disabilities physically assaults a person having authority over the student is subject to the procedural safeguards under 20 USC 1415.

The Superintendent shall notify the prosecuting attorney if a student is expelled under either of these sections. I.C. 20-8.1-5.1-1 et seq 20 USC 3551

Students who find lost articles are asked to take them to the main office where they may be claimed by the owner. Any unclaimed articles will be disposed of at the end of the school year.

Student Emergency Information: Parents can update student emergency information online via Parent Access. Parents should review phone numbers, address, and emergency contacts via Parent Access to make sure they are current. If parents do not yet have a Parent Access account, please contact your school’s office to request the paperwork that is needed to set up a Parent Access account.

ANTI-HARASSMENT

General Policy Statement

It is the policy of the School Board to maintain an education and work environment which is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School Corporation operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. The Corporation will not retaliate against any person who makes a report or files a complaint alleging harassment or a violation of this policy. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against harassment based on sex, race, color, national origin, religion, disability, or any other unlawful basis, and encourages those within the School Corporation community as well as third parties who feel aggrieved to seek assistance to rectify the problems. The Board will investigate all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take immediate steps to end the harassment. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

For purposes of this policy, “School Corporation community” means students, administrators, teachers, staff, and all other school personnel, including Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

For purposes of this policy, “third parties” include, but are not limited to, guests and/or visitors on School Corporation property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the School Corporation community at school-related events/activities (whether on or off School Corporation property).

Other Violations of the Anti-Harassment Policy

The Board will also take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging harassment, or who has participated as a witness in a harassment investigation.
- B. Filing a malicious or knowingly false report or complaint of harassment.
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating harassment charges comprises part of one’s supervisory duties.

Definitions

Sexual Harassment

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, “sexual harassment” is defined as:

- Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:
- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's status in a class, educational program, or activity;
 - B. Submission or rejection of such conduct by an individual is used as the basis for educational decisions affecting such individual;
 - C. Such conduct has the purpose or effect of interfering with the individual's educational performance; of creating an intimidating, hostile, or offensive learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender. Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
- B. Physical assault.
- C. Threats or insinuations that a person's academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs or events, or other conditions of education may be adversely affected by not submitting to sexual advances.
- D. Unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.
- E. Sexually suggestive objects, pictures, videotapes, audio recordings or literature, placed in the educational environment, which may embarrass or offend individuals.
- F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
- G. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
- H. Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
- I. Consensual sexual relationships where such relationship leads to favoritism of a student with whom the teacher or superior is sexually involved and where such favoritism adversely affects other students.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects an individual's education, or such that it creates a hostile or abusive employment or educational environment.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's educational performance; of creating an intimidating, hostile, or offensive learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epitaphs, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's educational performance; of creating an intimidating, hostile, or offensive learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin Harassment

Prohibited national origin harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin and when the conduct has the purpose or effect of interfering with the individual's educational performance; of creating an intimidating, hostile, or offensive learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's educational performance of creating an intimidating, hostile, or offensive learning environment; or with one's ability to participate in or benefit from a

class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disabling condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like.

Reports and Complaints of Harassing Conduct

Members of the School Corporation community and third parties are encouraged to promptly report incidents of harassing conduct to an administrator, supervisor or other School Corporation official so that the Board may address the conduct before it becomes severe, pervasive, or persistent.

Members of the School Corporation community or third parties who believe they have been unlawfully harassed by another member of the School Corporation community or a third party are entitled to utilize the Board's informal and/or formal investigation and complaint processes. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's participation in educational or extra-curricular programs. Individuals should make every effort to file an informal or a formal complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The titles of the Anti-Harassment Complaint Coordinators with whom complaints of unlawful harassment should be filed are set forth in the administrative guidelines that supplement this policy. The titles of these individuals will be published annually.

The Superintendent shall establish Administrative Guidelines describing both a formal and an informal process for making a charge of harassment, a process for investigating claims of harassment, and a process for rendering a decision regarding whether the claim of harassment was substantiated. This Policy and the Administrative Guidelines will be readily available to all members of the School Corporation community and posted in appropriate places throughout the School Corporation.

Any Board employee who directly observes unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to one of the Complaint Coordinators. Thereafter, the Complaint Coordinator must contact the student if age eighteen (18) or older, or the student's parents if under the age eighteen (18), to advise s/he/them of the Board's intent to investigate the alleged misconduct, including the obligation of the Complaint Coordinator or designee to conduct an investigation following all the procedures outlined for a formal complaint.

Privacy/Confidentiality

The School Corporation will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Informal Process for Addressing Complaints of Harassment

The administrative guidelines will include an informal complaint process to provide members of the School Corporation community or third parties who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Members of the School Corporation community or third parties who believe that they have been unlawfully harassed are encouraged to initiate their complaint through this informal complaint process, but are not required to do so. Those members of the School Corporation community or third parties who believe that they have been unlawfully harassed may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Process for Addressing Complaints of Harassment

The administrative guidelines will also include a formal complaint process. While the formal complaint process may serve as the first step to resolution of a charge of unlawful harassment, it is also available in those circumstances when the informal complaint process fails to satisfactorily resolve a concern. Because of the need for flexibility, no specific time lines are established for initiating the formal complaint process; however, once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within thirty-one (31) calendar days of the complaint being received).

Although not required, members of the School Corporation community or third parties who feel they have been unlawfully harassed should file a formal written complaint with the principal of their school building or with one (1) of the Complaint Coordinators identified in the Administrative Guidelines. Oral complaints of harassment will be reduced to writing by the individual receiving the complaint and the Complainant will be asked to verify the accuracy of the reported charge by signing the document. Complaints received by a school building principal will be immediately reported to the appropriate Complaint Coordinator identified in the Administrative Guidelines.

After a complaint is filed, the Complaint Coordinator or designee shall conduct a prompt and timely investigation. The investigation may include interviews of the complainant, the individual accused of engaging in harassing behavior, and any other witness who may reasonably be expected to have information relevant to the situation. All interviewed parties and witnesses will be provided an opportunity to present any evidence that they reasonably believe to be relevant to the situation.

At the conclusion of the investigation the Complaint Coordinator or designee will prepare and deliver to the Superintendent a written report summarizing the evidence gathered during the investigation and providing his/her recommendations regarding whether or not the complaint of unlawful harassment has been substantiated. The written report must be based on the totality of the circumstances involved in the complaint, the nature of the alleged conduct, the context in which the alleged conduct occurred, and the ages and maturity of the individuals involved.

Upon review of the written report the Superintendent will either issue a final decision regarding whether or not the complaint of unlawful harassment was substantiated, or request that further investigation be conducted. A copy of Superintendent's action will be delivered to both the Complainant and the individual accused of the harassing conduct.

A Complainant who is dissatisfied with the Superintendent's decision may appeal it to the Board by submitting written notice to the Superintendent within ten (10) days of the date of the Superintendent's decision. Upon receipt of a notice of appeal, the Board shall meet in executive session at its next regularly scheduled meeting, which is scheduled to occur at least ten (10) days after the Superintendent's receipt of the appeal notice, to review the complaint and the summary of the investigation. Following the meeting, the Board will issue a decision either affirming, modifying, or rejecting the Superintendent's decision. The decision of the Board shall be final.

The Complaint process set forth in the policy and in the administrative guidelines is not intended to interfere with the rights of a member of the School Corporation community or a third party to pursue a complaint of unlawful harassment with the United States Department of Education, Office for Civil Rights, the Indiana Civil Rights Commission, or the Equal Employment Opportunity Commission.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment regardless of whether the member of the School Corporation community or third party alleging the harassment pursues the complaint.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law. When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

Where the Board becomes aware that a prior remedial action has been taken against a member of the School Corporation community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to eliminate such conduct in the future.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent or designee shall provide appropriate training to all members of the School Corporation community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines and harassment in general will be age and content appropriate.

BULLYING

"Bullying" (per IC 20-33-8-.2) means overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically), physical acts committed, aggression, or any other behaviors, that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the other targeted student and create for the targeted student an objectively hostile school environment that:

- (1) places the targeted student in reasonable fear of harm to the targeted student's person or property;
- (2) has a substantially detrimental effect on the targeted student's physical or mental health;
- (3) has the effect of substantially interfering with the targeted student's academic performance; or
- (4) has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

Bullying fosters a climate of fear and disrespect that can seriously impair the physical and psychological health of its victims and create conditions that negatively affect learning. Bullying includes unwanted, aggressive behavior that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time. The imbalance of power involves the use of physical strength, or popularity to access embarrassing information to control or harm others. Bullying can occur anywhere (in-school or outside of school) and at any time – both during and after school hours. Bullying can include physical bullying, verbal bullying, social/relational bullying, and electronic/written communication.

Physical bullying involves hurting a person's body or possessions. It includes hitting/kicking/punching, spitting, tripping or pushing, taking or breaking someone's things, and making mean or rude hand gestures.

Verbal bullying involves saying mean things. It can include teasing, name-calling, inappropriate sexual comments, taunting, or threatening to cause harm.

Social/relational bullying involves hurting someone's reputation or relationships. Social bullying involves telling other children not to be friends with someone, leaving someone out on purpose, spreading rumors about someone, or embarrassing someone in public.

Electronic/written communication involves cyber-bullying, collective or group note writing, any bullying undertaken through the use of electronic devices (computer, cell phones).

Considerations in determining if the behavior meets the definition of bullying:

- The history between the individuals. Have there been past conflicts? Have these individuals had a dating relationship? (This may not be considered bullying)
- Power differential. Is there an imbalance of power? (Power imbalance is not limited to physical strength.)
- Repetition. Has this or a similar incident happened before? Is the individual worried that it may happen again?
- Are any of the individuals involved with a gang? (This may result in interventions different from bullying.)

The School Board is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community. Bullying behavior toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse as provided herein. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies when a student is on school grounds immediately before or during school hours, immediately after school hours, or at any other time when the school is being used by a school group; off school grounds at a school activity, function, or event; traveling to or from school or a school activity, function, or event; or, using property or equipment provided by the school.

Any student who believes s/he has been or is currently the victim of bullying should immediately report the situation to the building principal or assistant principal, or the Superintendent. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be bullying behavior directed toward a student. Reports may be made to those identified above.

All complaints about bullying behavior that may violate this policy shall be promptly investigated.

If the investigation finds an instance of bullying behavior has occurred, it will result in prompt and appropriate disciplinary action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any officer position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of bullying is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as bullying. Making intentionally false reports about bullying for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

For a definition of and instances that could possibly be construed as hazing, consult Policy 5516.

Confidentiality

To the extent appropriate and/or legally permitted, confidentiality will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations.

Safe School Committee

In accordance with State law, there shall be a *Safe School Committee* in each school within this corporation (see Policy 8400 - School Safety).

The Superintendent is directed to develop administrative guidelines to implement this policy. Guidelines shall include reporting and investigative procedures, as needed. The complaint procedure established by the Superintendent shall be followed.

STAFF MEMBER HARASSMENT OF A STUDENT

If a student reports that s/he is being harassed by a member of the staff, the matter is to be reported immediately to the principal who shall then contact the assistant superintendent. The assistant superintendent shall arrange promptly for a proper inside or outside investigation by those who are experienced in such investigations. In addition, the principal, upon receiving the complaint from a minor student or his/her parents shall determine if the harassment may constitute child abuse and, if so, follow the child-abuse reporting procedure described in AG 8462.

During the investigation, the accused staff member may be removed from any contact with students. In addition, the principal shall ensure that the alleged student victim receives proper guidance and support in dealing with any after-effects of the alleged harassment.

Investigation of a complaint not involving a member of the staff will normally include conferring with the parties involved (may include parents), and any named or apparent witnesses. All students and others involved are to be protected from coercion, intimidation, retaliation, or discrimination for filing a complaint or assisting in an investigation.

If the investigation reveals that the complaint is valid, then prompt, appropriate remedial and/or disciplinary action will be taken immediately to prevent the continuance of the harassment or its recurrence. Any form of sexual harassment is considered a form of child abuse and the abuser must be reported immediately in accordance with AG 8462.

The Corporation recognizes that determining whether a particular action or incident is harassment or, conversely, is reflective of an action without a discriminatory or intimidating intent or effect must be based on all of the facts in the matter. Given the nature of harassing behavior, the Corporation recognizes that false accusations can have serious effects on innocent individuals. Therefore, all students are expected to act responsibly, honestly, and with the utmost candor whenever they present harassment allegations or charges against fellow students, a staff member, or others associated with the Corporation.

STUDENT ANTI-HAZING

The School Board believes that hazing activities of any type are inconsistent with the educational process and prohibits all such activities at any time in school facilities, on school property, and at any Corporation-sponsored event.

Hazing shall be defined for purposes of this policy as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes or creates a risk of causing mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

Administrators, faculty members, and other employees of the Corporation shall be alert particularly to possible situations, circumstances, or events which might include hazing. If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer of the prohibitions contained in this policy and shall be ordered to end all hazing activities or planned activities immediately. All hazing incidents shall be reported immediately to the principal. Students, administrators, faculty members, and other employees who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil and criminal penalties in accordance with law.

The Superintendent shall distribute this policy to all students and Corporation employees, and shall incorporate it into building, staff, and student handbooks. It shall also be the subject of discussion at employee staff meetings or in-service programs.

EXTRA-CURRICULAR INFORMATION:

It has been documented that student participation in extra-curricular activities enhances success in school. La Porte High School extends a wide variety of extra-curricular activities with the hope that all students will become involved in the program. (Extra-curricular activities include programs in athletics, curriculum related clubs, student government, honor clubs, intramurals, music and drama organizations and service clubs.)

It is essential that the goal of the extra-curricular program be to encourage individual responsibility and initiative within the established framework of each organization and allow students to recognize the consequences of their own decisions and actions. It is also an inherent goal that the students learn to function as part of a team.

Each of these groups has been given the responsibility of setting its own standards for participation consistent with the philosophy of the school and the requirements for conduct expected of all students. The standards for each activity will necessarily vary according to that activity's individual purpose and goal as well as overlap in the restatement of school behavior requirements.

The extra-curricular program can maintain its credibility only if the organizations within it have the authority to maintain their own goals and standards.

It should be clearly understood by all students involved in the extra-curricular program and by their parents that individual participation must be regarded not as a right, but, instead, as a privilege dependent upon personal acceptance of the group's common philosophy.

Each participant will be given a copy of the organizations rules at the beginning of the activity. It is expected that each participant abide by these rules. Rules that are in addition to the school Standards of Conduct are necessary for the completion of each organizational goals and are encouraged. Student participants serve as examples and therefore will be expected to maintain a high standard of personal conduct.

GENERAL STANDARDS OF CONDUCT TO BE MAINTAINED BY EXTRACURRICULAR AND CO-CURRICULAR PARTICIPANTS

1. Each participant is expected to abide by all rules and policies of the La Porte Community School Corporation and La Porte High School, as well as those rules formulated by his/her coach or advisor.

3. Regular attendance of classes throughout the school year is required of all participants.
4. To be eligible scholastically, students (a) must have received passing grades at the end of their last grading period in school in at least four solid trimester subjects requiring a minimum total of 25 hours of regular High School recitations per week or equivalent, and (b) must be currently passing in at least four solid trimester subjects totaling 25 hours or more of regular High School subjects or recitations per week or equivalent. Students must be in attendance at least

the last 3 class periods of the school day in order to participate in athletic competition and/or practice on that school day unless there are unusual circumstances.

5. A participant's conduct at all times shall be such so as not to reflect discredit upon the school or create a disruptive influence on the discipline and good moral education environment of La Porte Area Schools.

LA PORTE HIGH SCHOOL ATTENDANCE RULES & REGULATIONS

IC 20-33-2-5

Days of attendance

Sec. 5. A student for whom education is compulsory under this chapter shall attend school each year for the number of days public schools are in session:

- (1) in the school corporation in which the student is enrolled in Indiana; or
- (2) where the student is enrolled if the student is enrolled outside Indiana.

IC 20-33-2-11

Habitual truants ineligible for operator's license or learner's permit; minimum definition of "habitual truant"

PHILOSOPHY

Philosophy In order to receive maximum benefits from the educational programs of the La Porte Community School Corporation and to develop the habits of punctuality, self-discipline and responsibility all students are expected to be in attendance on all days on which school is held.

Research demonstrates that students who have regular attendance achieve higher grades, enjoy school more, and increase their chances of becoming functional, responsible adults. Regular attendance and punctuality are essential if students are to make use of the educational opportunities that are afforded by the La Porte Community School Corporation. The responsibility for regular school attendance by students rests with the student and his or her parent or legal guardian.

All students are EXPECTED to attend school and be on time for classes in order to derive the maximum benefit from instructional programs and to develop habits of self-discipline and responsibility. Moreover, students who miss a class will never be able to retrieve completely that learning experience. The interaction with the teacher and fellow students can never be effectively duplicated.

The La Porte High School Attendance Rules and Regulations are not intended to bring undue hardship on any student, parent, or guardian. Nor are they intended to be punitive in nature. The main emphasis of the policy is to encourage responsibility, punctuality, and maximum effort during the formative years into adulthood. The purpose of this policy is to benefit all students. The goal of the Attendance Rules and Regulations is to encourage good attendance and develop good work habits.

The following provisions will constitute the rules, guidelines, and attendance rules and regulations for La Porte High School. The procedures and rules described in these attendance rules and regulations will be deemed to be a part of the substantive due process procedure for students. Students with perfect attendance will be recognized at the end of the year if they have not been absent from school for any reason. La Porte High School attendance regulations are expressed to encourage attendance and to encourage an "on the job" attitude for students to follow and to maintain throughout life.

ATTENDANCE OFFICERS

ATTENDANCE RULES FOR EACH SEMESTER (12 WEEKS)

1. Students may earn credit for any course as long as they do not accumulate more than five (5) absences from a class per semester. Absence for any reason will count towards the first five (5) absences in any course, except as noted elsewhere!
2. After a student has accumulated his/her fifth absence from any class in a semester (12 weeks), he/she will be notified that a sixth absence, except for the reasons listed below, may result in a loss of credit. If a student has six (6) or more absences in a class and does not qualify for the special considerations listed below, he/she will lose the opportunity to earn credit in the class. A student who finds himself/herself in that situation will continue in the class without credit (audit). When a student loses credit in a class, he/she will remain in the class and be expected to complete the course work. If the student successfully completes the course work, a grade of "EA" will be issued. (This does not count toward the Grade Point Average.) If the student does not successfully complete the course work, a grade of "F" will be issued.
3. Absences of six (6) or more will be considered "Excessive Absences" and can be made up in after-school detention.
4. Truancies will not be considered "Excessive Absences" and cannot be made up in detention.
5. Any student who has been truant may be placed on an Attendance Restriction Contract for the remainder of the semester (see Attendance Restriction Contract) and will be subject to disciplinary action (see Truancy Regulations)
6. When a student is absent three (3) times in a semester, a notification in Parent Access will be submitted.
7. Any student who misses class for any reason would not be able to earn participation points for that class period. Any student who misses more than 10 minutes of a class, without a pass, will be counted absent from that class.
8. When a student misses 20 or more sessions in any class period, the student and parent may be required with a faculty attendance review board.

TARDY POLICY:

3rd Student Tardy: In School Detention

6th Student Tardy: 90 minute detention

9th Student Tardy: Three hour detention

12th Student Tardy: Removal from class with an "F" and placed into Study Hall

11. If a student feels the decision concerning the loss of credit due to either their sixth absence in a class as explained above, or to exceeding the twenty total absences is incorrect they may appeal the decision to their designated administrator. An Attendance Board comprised of teachers & administration may hear appeals under specific circumstances or hardships.

The absences(#1 - #7) listed below will not count towards the five (5) day or twenty (20) day limits. Students are not counted as being absent from school for the following reasons:

1. Service as a page in the Indiana General Assembly.
2. Working on a precinct election board or as an assistant to a political candidate or a political party on the date of the general, town, or special election.
3. Absences due to approved school-related field trips, rehearsals, contests, etc.
4. National Guard duty.
5. Suspensions and /or exclusions.
6. Any medical absence with an original verification from a doctor, turned in within a reasonable time.

7. Other emergencies and unusual circumstances (such as hospitalization or death in immediate family) as approved by the principal and or his designee.

Absences beyond the fifth absence which will not result in the loss of credit

(Note: All absences in this category will count towards the twenty-day maximum)

7. Death in the immediate family.
8. Attendance at a funeral of someone outside of the immediate family, if the parent deems it necessary.
9. Court appearance when required by legal authorities.
10. Authorized passes from the office complex, nurse, student services, counselors or principals.
11. Religious holidays.
12. Driver's examination.
13. Military examinations (arrangements must be made in advance and the appointment must be verified.)
14. State Fair competition

PROLONGED MEDICAL CONDITION AND/OR NOTE OF INCAPACITY

Any student who is experiencing a "prolonged medical condition" which is defined as any illness which results in missing a considerable number of school days will be required to provide a signed physician's statement explaining the "prolonged medical condition." This physician's statement must be presented to the Student services office at the beginning of each semester. This signed statement will allow the student to miss ten (10) days without continually visiting the doctor for separate signed physician's notes.

ABSENCE REPORTING PROCEDURE

On the date of the absence, a student's parent/guardian must call the attendance office (362-1032) by 10:00 A.M. The purpose of the phone call is to notify the school authorities that the parent is aware of the student's absence from school. Parents should discuss any unusual circumstances for a student's absence with the Assistant Principal.

Parents who are unable to call on the day of the absence MUST call the Attendance Office by 4:00 P.M. THE NEXT SCHOOL DAY or the absence will be recorded as unverified.

No written notes will be accepted.

On days where there are an unusual number of students absent, we will call as many homes as possible. If the student called is not home to respond to our call or if he/she is incapacitated and cannot talk on the phone, we will request a note from his/her doctor as stated in statute 20-8.1-3-20. If the student cannot comply with either of these responses, he/she will be considered truant and the appropriate disciplinary action will be applied.

After School Detention: 3:00 p.m. – 4:30 p.m and 3:00 – 6:00 p.m.

La Porte High School limits the number of days a student may be absent during each semester. Any student who exceeds these limits during the semesters will receive no credit in each class that is affected by the excessive absences. Students can "Make-up" excessive absences by attending detentions. Once students have excessive absences in a class (6 or more) they can never go below the five (5) day limit. One class period will be made up for every one hour of detention served.

AFTER SCHOOL DETENTION RULES

1. No eating or drinking
Warning #1
2. No talking
3. No electronic devices
Warning #2 dismissal from detention (no credit)
4. No note passing
5. No sleeping
6. Remain on task

Students are expected to be on time; to bring textbooks and other study materials; to remain on task; and to exhibit proper classroom behavior.

In order for a student to have a chance to earn a passing grade for the grading period or semester, he or she must have made up all excessive absences (through detention) accumulated during any grading period and/or the semester.

If a student wishes to attend detention he/she must register by signing up in the attendance office by 7:30 a.m. a day before the detention. A student may sign up before school or after school.

A student may not "bank" detention make-up time. In other words, he/she may not make up excessive absences prior to having accumulated excessive absences.

A student is responsible for “keeping up-to-date” with his/her absences by communicating with each of his/her classroom teachers.

Students are **strongly urged** not to exceed the five (5) day limit. The State of Indiana expects students to be present 95% of the school year or 57/60 days in a trimester. Our goal at LPHS is to meet or exceed the state average. If he/she should exceed the five (5) day limit and accrue excessive absences he/she is encouraged to make up excessive absences as soon as possible. Procrastination could result in “coming up short” at the end of the semester and result in a loss of credit. Any student, who accumulates excessive absences very late in a semester, has up to two weeks of the next semester per the scheduled detention dates in the attendance office.

If extra sessions are needed in addition to the two that are provided, a student must complete the following steps:

1. Go to the main office and secure an EA form.
2. A student must complete the student portion of the form.
3. A student must also have each teacher of classes (where excessive absences exist) complete the teacher’s portion of the form.
4. A student must submit the form to the detention monitor.

ATTENDANCE RESTRICTION CONTRACT

Students who have been truant will be placed on attendance restriction contracts. The restrictions will be as follows:

1. All absences due to illness must be verified by a medical doctor’s note.
2. Absence due to deaths and funerals of members of the household and/or immediate family are permitted. Immediate family shall include father, mother, brother, sister, child, aunt, uncle, brother-in-law, sister-in-law, stepfather, stepmother, step-brother, step-sister, half brother or sister, and grandparents. Any other exceptions must receive special approval by the administration.
3. Court officials must verify absence due to court appointments.
4. Other absences due to special circumstances must have administrative approval.
5. Additional restrictions per administration.

COLLEGE VISIT

La Porte High School recognizes the occasional need for students to take time off for the purpose of visiting college campuses. We strongly urge students to make these visitations on the open house dates planned by colleges and universities. Open house dates for many colleges and universities are available in the guidance office. Students may apply for up to two (2) college visitation days each year that will not be included in the five (5) day limit.

Only junior and seniors are eligible to apply for visitation days.

1. Submit your completed request form to the guidance office at least 24 hours in advance of your intended visitation date.
2. Make sure a college representative signs the request form and that you return it to the attendance office when you return. IF THIS IS NOT RETURNED, THIS MAY BE ASSESSED AS A TRUANT ABSENCE.
3. Your request cannot be granted if you are in danger of reaching five (5) days absence per semester.
4. Do not make the request for a time when important events are happening at La Porte, such as test dates, performing dates, etc.
5. Do not make requests to extend a vacation, such as Christmas and spring break for the purpose of college visitations.
6. College visitation days do count towards the twenty (20) day maximum number of absences per semester.

MILITARY

We strongly urge our students to schedule recruitment-related appointments on days when school is not in session. However, since this is not always possible, the following guidelines will help determine if your request will be considered an excused absence regarding military visitation. A student may apply for one (1) day to be excluded from the three day limit each year by following the procedures listed below.

1. Submit your completed request form to the guidance office at least 24 hours in advance of your intended visitation date.
2. Make sure your recruiter signs the request form and that you return it to the attendance office when you return. IF THIS IS NOT RETURNED, THIS MAY BE ASSESSED AS TRUANT ABSENCE.
3. Your request cannot be granted if you are in danger of reaching five (5) days absence per semester.
4. Do not make the request for a time when important events are happening at La Porte, such as test dates, performing dates, etc.

OUT-OF-SCHOOL SUSPENSION

Out-of-School Suspension is defined as exclusion from all school classes and activities for one to ten days. It may be assigned if a student has violated applicable sections of the La Porte High School Student Handbook and/or Indiana Code 20-8.1-5.1-1 et seq. These days do not count as excessive absences.

TRUANCY REGULATIONS

HABITUAL TRUANT

A student shall be considered truant each day or part of the day s/he is absent from his/her assigned location without parental knowledge. Absence is defined as non-presence in the assigned location any time beyond the tardiness limit. A student will be considered tardy rather than absent if s/he is in his/her assigned location within ten (10) minutes after the official start of each class period. Students who are absent from school without the permission of the school officials will be recorded as truant. Students who are truant shall be subject to disciplinary action and all schoolwork missed shall be recorded as 0's. A truancy can be any combination of one or more school days or a portion of a school day. A student who is found to be truant will suffer loss of learning (no make-up) for the period of the truancy. Teachers will be notified of truancy and disciplinary action by the office.

A student shall be considered a "habitual truant" when, in spite of warnings and/or his/her parent's efforts to ensure attendance, s/he has accumulated three (3) truanancies during a semester.

An absence will be considered truancy when:

1. The student was absent without the consent of the parents.
2. The student and/or parent are fraudulently covering for an absence.

1st Instance of Truancy:

1. Notification (phone call) of parent/guardian.
2. Truancy guidelines mailed to parent/guardian.
3. Loss of make-up privilege
4. Notification of counselor.

2nd Instance of Truancy:

1. Notification (phone call) of parent/guardian.
2. Notification of counselor.
3. Loss of make-up privilege
4. Notification of the La Porte County Probation Officer if the student (a) is under 16 years of age or (b) is over 16 years of age and is currently on probation with that office.
5. Student placed on Attendance Restriction Contract.

3rd Instance of Truancy:

1. Notification (phone call) of parent/guardian.
2. Notification of counselor.
3. Loss of make-up privilege
4. Notification of the La Porte County Probation Officer if either step (a) or (b) is met. (a) and (b) are outlined in #4 under the 2nd instance of truancy.
5. Invalidation of drivers license by the Bureau of Motor Vehicles for a period of 120 days in compliance with I.C. 9-24-2-1.
6. Parental conference - to be held at La Porte High School.

MAKE-UP WORK

If class work missed because of an absence:

1. If the student is aware of the assignment - the assignment is due the first day the student returns to school
2. If the student is absent when the assignment is given - the student shall have the same number of day(s) as he/she was absent to complete the assignment. (Example: If the student is absent for two days, upon return, the student will have two school days to complete the assignment.
3. The responsibility for making up work missed rests with the student.
4. When a student is absent from school two (2) or more days, assignments may be obtained by telephoning the Guidance office at (362-4503) before 10:00 a.m.
5. A student who is in attendance the day before a scheduled test/quiz shall take the test/quiz the first day that he/she returns to school.
6. If an absence is predetermined, the student shall discuss the absence with his/her teachers and complete the make-up work as directed by his/her teachers.

A student's educational experience can be best enhanced when make-up work is completed outside the regular class period. Tests, quizzes, and other comparable assignments should be made up before school, after school, or during a study hall.

Make-up work for academic reasons always has priority over other scheduled activities.

Requests for homework must be made with twenty-four hours' notice. Parents may call the guidance office to request homework and to pick up books and materials on the following day or as soon as the Guidance Secretary can get materials ready for pick up.

LATE TO SCHOOL

Any student arriving late to school should report to the office. He/she must have a parent or legal guardian contact the assistant principal before he/she can receive a pass to class. The assistant principal will determine whether the reason for being late is truancy. If a student driver is deemed to be truant, he/she will forfeit his/her driving privileges for the remainder of the semester.

LEAVING SCHOOL BUILDING OR GROUNDS

La Porte High School has a CLOSED CAMPUS. Students are not permitted to leave the school grounds without permission of the administration. The only students who shall have permission to leave the school are those with clinical appointments, students who become ill at school, students leaving as an extension of their educational program, and students who have obtained special permission from an administrator, following a parent conference. In the interest of student safety, **students are not allowed to leave without permission of the school administration.**

When it is necessary for students to leave school for appointments of various natures, the following procedure will be in effect to govern such instances:

1. The student is required to sign-out at the attendance office prior to leaving school. Failure to sign-out will result in the student being considered truant. No student, regardless of age, is allowed to leave without permission of the school administration. If time missed has not been approved and recorded, the student will be counted as truant. This rule applies to before and after school.
2. The parent shall notify the school by telephone of appointment date, time and location. No student, regardless of age, will be allowed to leave school unless the attendance office has received a call before leaving school grounds. Failure to do so could result in the absence being classified as truant.
3. The student should return to school when the appointment is complete and continue the regular school day. Students should bring confirmation slips from the dentist or doctor upon returning from the appointment to school. Failure to bring confirmation slips from the dentist or doctor will result in truant absences for classes missed.

DROP OUT EXIT INTERVIEWS

It is the goal of this Corporation to make it possible for every student to obtain an education that meets his/her goals and long-term needs. Students wishing to withdraw from school before age 18 must receive parental permission and participate with their parent(s) in an exit interview with school officials. During the interview, the principal must ascertain whether or not the withdrawal is due to financial hardship. If it is not, and the principal concurs with the withdrawal, s/he shall send the student's name to the Bureau of Motor Vehicles. If the withdrawal is due to financial hardship, the principal and the staff should explore with the student and his/her parents possible ways to alleviate the financial burden so the student can continue his/her education whether at the high school or at an alternative setting. If the parent and the student disagree about the decision to withdraw, the principal shall make the final decision.

If the situation appears to be one in which there is a willingness to explore means of eliminating or ameliorating some of the main factors a plan should be developed with the student/parents whereby such exploration can take place. The plan should be pursued until either the student decides to stay in school or s/he insists upon withdrawing.

Each exit interview must be personally attended by:

1. The student's parent or guardian
2. The student
3. Appropriate school employee

A student who is less than eighteen (18) may not withdraw from school before graduation unless:

1. The student and the student's parent or guardian agree to the withdrawal; and
2. At the exit interview, the student provides written acknowledgment of the withdrawal and the student's parent or guardian provides written consent for the student to withdraw from school.
3. Notification of Bureau of Motor Vehicles if not financial hardship.

If the student and the student's parents or guardian are not in agreement as to the withdrawal from school before graduation the student's principal should make the final decision with regards to whether the student may withdraw after other efforts have been exhausted.

Unique features include the wide variety of career assessment aids and college/career planning services, the individualized approach, with group targeting the current and cosmopolitan outlook, and a widely diverse professional staff.

COURSE WITHDRAWAL POLICY

The school policy regarding semester courses and their status with respect to withdrawal both from school and from individual courses:

1. **Students stay in full semester courses for the entire semester unless removed from the class by an administrator for a disciplinary or medical reason.**
2. Withdrawal from school is FOR THE SEMESTER. A student may re-enter the next semester or summer term, after having a conference with his/her administrator.

SCHEDULE CHANGE POLICY

La Porte High School is operating at more than 110% of capacity. Classes are scheduled very tightly based on student selections of courses. Teachers and classrooms are committed to these student selections and the slightest variation in numbers can have profound implications for the entire Master Schedule. For this reason, plus the responsibility we have to students to help them learn to adhere to their commitments, students will be allowed to change their schedules for NO reason other than the following:

1. **To Upgrade Work in a Department or Discipline** e.g., a student wishes to add a class in place of a study hall, a student is changed to an honors class from a regular class, etc., within a given course discipline. Changes to different disciplines or even departments are not considered.
2. **To Correct an Inappropriate Student Placement** e.g., a student has tried in a previous prerequisite class, but failed to master skills needed to have success at present. The student effort put forth will be an important factor in the request.
3. **To Balance Classes** e.g., when there is an obvious discrepancy in numbers of students in similar classes, some students may be switched to other classes.
4. **To Prevent Student-to-Student Conflicts (at the teacher's request)** e.g., a teacher requests to separate incompatible students. Even when legitimate requests are made, some cannot be honored because of the complexity of the Master Schedule and the effects on the schedule overall.

COURSE REPEAT POLICY

Under certain circumstances below a student may be repeating a course. This is treated as a separate event as far as credit, grade, and GPA. Retaking a course does not drop a previous course from calculations of GPA. It is not possible to remove an "F" grade or the GPA penalty by repeating a course.

Allowable repeats:

1. Courses that are organizational level in nature. Examples are band, debate, Hi-Times, choir, etc.
2. Courses that serve as prerequisites and that have a clear sequence within a discipline. The intent is to recognize that students experience times in which they may not be able to perform at their best. A prior semester grade of "D" or less is required and a desire for better preparation in order to continue in the discipline. Examples are commonly found in foreign language, mathematics, and sometimes science.
3. Advanced Courses that are multi-level, if designated repeatable.
4. Courses that are vocational, if the student is re-approved through the application process.
5. Courses where a specific proficiency or grade is required by a post-secondary educational institution.

Consideration of cases other than those covered by the above conditions will be reviewed on a case-by-case basis dependent upon the educational need.

STUDENT PARKING REGISTRATION AND RULES

Student parking on the LPHS campus is a privilege not a right. This privilege has many responsibilities. Parents and students who wish to drive to school and use the campus facilities must be aware of the rules and regulations which are outlined below. LPHS parking permits can be obtained by completing the Student Parking Registration form. The cost of the permit is **\$15.00** for the school year.

Student Parking Guidelines and Policies

1. All vehicles **must** have a school hanging tag on the rear view mirror to park in the student lot.
2. Only one hanging tag will be issued per student.
3. Speeding, squealing of the tires, loud music, loud exhaust, angle parking may result in disciplinary action and removal of the hanging tag.
4. NEW VEHICLES must be reported to the Student Service Center. The original issued hanging tag must be placed in the appropriate position on the new vehicle.
5. Hanging tags are not transferable to any other student and/or vehicle. The tag must only go on the vehicle registered to the student.
6. The speed limit on school grounds is 5 mph. All vehicles will follow the proper directions, signs and indicated arrows on the roadway or lose parking privileges. Moving barricades or cones will result in suspension of the permit.
7. At no time may a student park in the faculty parking lot. Violators **will** receive a consequence and vehicles may be towed. A loss of the parking permit may also occur.
8. Parking on the grass or "double parking" is not allowed (illegal parking).
9. Valuables should not be left in vehicles. All vehicles should be locked.
10. **Student vehicles are subject to search if there are reasonable grounds to believe that drugs, alcohol, stolen property, weapons, or other contraband might be present in that vehicle.**

11. Since the parking and operation of student vehicles on campus is a privilege, violations of any of the student parking policies will result in the following:
 - Violation Notice/Sticker
 - Loss of parking and operation privilege after two violations
 - Citation by police
 - Removal of violating vehicle by tow truck
 - Other disciplinary action as specified in the LPHS Student Handbook
12. All student drivers are subject to a random drug test.

All driving laws and school rules must be followed at all times!

STUDENT USE OF MOTOR VEHICLES

The School Board regards the use of motor vehicles for travel to and from school by students as an assumption of responsibility on the part of those students; a responsibility in the care of property; in the observation of safety rules; and in the display of courtesy and consideration toward others.

The Board will permit the use of motor vehicles by students, in accordance with the rules of this Corporation, provided that such students are licensed drivers and have been granted permission by the parent/guardian to drive a motor vehicle on school grounds.

The Board will not be responsible for motor vehicles which are lost, stolen, or damaged.

The building principal shall develop administrative guidelines for the operation parking of motor vehicles and shall disseminate those guidelines to all students so affected.

The building principal shall establish standards for the granting of permits which shall contain the warning that infraction of rules may result in the revocation of the permit.

STUDENT USE OF BICYCLES AND MOPEDS

The School Board regards the use of bicycles for travel to and from school by students as an assumption of responsibility on the part of those students; a responsibility in the care of property, in the observation of safety rules; and in the display of courtesy and consideration toward others.

The Board will permit the use of bicycles by students.

The Board will not be responsible for bicycles which are lost, stolen, or damaged.

The building principal shall develop administrative guidelines for the operation parking of bicycles and shall disseminate those guidelines to all students so affected.

The building principal shall establish standards for the granting of permits which shall contain the warning that infraction of rules may result in the revocation of the permit.

All students using bicycles and mopeds will park in areas designated by the building principal which will be away from any entry/exit doors of the school building.

GUIDANCE AND COUNSELING

Students are welcome and encouraged to come to the Guidance Office to talk with any of the guidance counselors about any area of concern to them whether it is vocational, educational, or personal.

RE-ENTRY

Students who re-enter LPHS must fill out the Re-Entry packet and participate in a Re-Entry conference with the Assistant Principal.

REPORT CARDS

Report cards will be issued six times a year following the midterm of each trimester grading period and at the end of the trimester. Students will pick up their grade cards in one of their regularly scheduled classes. If a student is absent on the day report cards are distributed, the teacher will hold the card until the student returns to school. The final report card of the school year will be mailed to the student's home.

INCOMPLETE

An "I" (incomplete) means that insufficient work (homework, project, paper, test, etc.) has been turned in to determine a grade and/or to assign credit. An "I" is a positive (or at worst, neutral) indicator to a student that if required work is completed a grade of A, B, C, D, F or P will be given. A student has eight (8) school days after the distribution of report cards in which to complete the work or the grade will be resolved to an "F".

DIPLOMA REQUIREMENT

The previous obligation of 48 credits has been realigned to 40 credits to meet the State of Indiana's Core-40 requirement.

VALEDICTORIAN CRITERIA

Students must meet Academic Honors requirements for their respective cohort.

Rank order ties will be resolved in the following manner:

- 1 point will be awarded for each credit accumulated.
- 1 additional point will be awarded for credits carrying an honors designation.
- 2 additional points will be awarded for credits carrying a dual credit designation.
- 3 points will be awarded for credits carrying an AP designation.

At this time the student with the highest point total will be named Valedictorian. Ties will result in the determination of co-valedictorians.

At this time the student with the second highest point total will be named Salutatorian. Ties will result in the determination of co-salutatorians.

New Valedictorian/Salutatorian qualifications will become effective with the graduating class of 2008.

The graduating class of 2006 and 2007 will be "grandfathered" under the current grading scale for purposes of Valedictorian/Salutatorian. **All students who maintain a 4.0 GPA will retain the class rank of 1 on transcripts.**

WORK PERMITS

Work permits are issued in the Attendance Office. A student under the age of 18 will need to obtain a work permit, he/she will need to (1) obtain a job (2) bring an intent to employ card from the prospective employer and (3) bring his/her birth certificate to the Attendance Office. The student must obtain a new work permit if he/she changes jobs. During summer months work permits are obtained at La Porte High School, in the Principal's office. Students who are failing subjects or not attending school will not be issued a work permit. Students who have a work permit and fail classes or stop attending school will lose the work permit.

ATHLETIC INFORMATION

An athletic handbook is available from the athletic office or any coach on the staff at LPHS. The handbook includes IHSA eligibility rules, LPHS eligibility rules, desirable traits, a standardized set of training rules for all sports, training violation procedures and responsibilities of an athlete. Every student athlete in LPHS will receive a Slicer athletic department handbook. Be sure to get a copy!

STUDENT COUNCIL

This is the chief governing arm of the student body, composed of students of each class elected by the student body. It develops and maintains school spirit, helps build interest for students in school activities, creates and maintains standards of good citizenship among students, encourages students to accept and discharge their responsibility to themselves and their school, stimulates a spirit of cooperation among the students and the faculty, and provides mutual respect between students and faculty.

RESPONSIBILITIES: Works closely with faculty and administration in approval of school clubs' constitutions, new student (Freshman) orientation, homecoming activities, graduation activities, and student council-AFS-awards assembly. The council serves as a sounding board for student body suggestions, and contributes financially to programs to foster better student-faculty relations and the improvement of general school climate.

OTHER ACTIVITIES: Student Council sends its president or other newly-elected officer to Indiana University's summer Student Leadership Conference. Student Council members often participate in student exchange visitations with other schools in the area as guests and hosts.

HEALTH SERVICES

Good health is a prerequisite to learning and is essential to most successful activities. Following are policies to help us maintain safety and health for all students of La Porte High School.

Student Health Services - The school nurse or the Student Services Center is available for any student who feels ill or is injured during the school day. A student should report to his/her classroom and then be dismissed to the Nurse's office or the Student Services Center with a hall pass unless the situation is an emergency. Students should always report to class, the Nurse's office, or the Student Services Center. Do not stay in a restroom.

Accidents and Insurance - The school is responsible only for immediate first aid. The Board of Education does not pay any medical or hospital bill incurred as a result of an accident to the pupil at school. The parent or guardian is responsible for the payment of such bills.

We urge you to avail yourself of the protection afforded through school accident insurance which covers the student during school activities to and from school.

In case of an accident, no matter how minor, the student should report it to the teacher immediately. In case of severe accidents or acute illness, emergency care will be given and the parents will be notified.

Medical Transportation - It is the responsibility of the parents to provide transportation and further care of the student if the student becomes ill or injured on school property. Students may not be sent home without parental approval. No student may drive when excused for medical reasons unless parental consent has been given.

Medications - Students who need medication during the school day should bring the medication that is due to be taken during school hours to the Nurse's office on arrival at school. All medication must be in the properly labeled prescription container and kept in the Nurse's Office.

Communicable Diseases - Students returning to school after recovering from a communicable disease must be readmitted through the school Nurse's office. Communicable diseases are German Measles, mumps, chicken pox, scarlet fever, conjunctivitis (pink eye), mononucleosis.

Physical Examinations - All tenth grade students as well as new students at LPHS are required to have a physical examination by a physician.

INSURANCE

Student accident insurance is available at group rates. Students may choose either a school time or a 24-hour coverage policy.

Application envelopes will be distributed at the beginning of the school year. Extra forms are available in the Student Services Center.

EMERGENCY PROCEDURES AND SAFETY

1. EMERGENCY DRILLS

Indiana State law mandates that one fire drill per month occur during the course of each school year. Procedures for this drill are included for review and use. The Assistant Principal/Student Services will schedule and conduct these drills, as directed by the building principal.

The La Porte area frequently is placed on some sort of weather alert such as a "Tornado Watch." When it becomes evident that we are to experience such weather, it is necessary to see that all personnel are moved to a place of safety.

2. FIRE ALARM PROCEDURES

Fire Drill Procedures

- A. The building principal is the only person who may authorize a fire drill, and he is responsible for the establishment of route procedures within his building.
- B. When the fire drill alarm is sounded, students are not to leave the room until the teacher gives the word to proceed. Students are to leave the building in a quiet and orderly manner.
- C. Specific directions for each room are posted at or near the point of exit.
- D. Students should leave the rooms in a single or double file depending on exits, hall size, etc. Students should exit the building quickly and quietly. A student should be assigned to open the room door and hold it open for the exit of all students.
- E. The teacher will be the last one to leave the room and is quickly to check that all windows and doors are closed. Teachers are to take their grade books with them so a check can be made on all students once they are outside.
- F. In the case of a blocked exit, the room should have a contingency exit. Teachers should be aware of alternate exits and redirect student lines to alternate exits.
- G. Outside the building, students should walk far enough away from the building to be sure that all students leaving the exit can get a safe distance from the building. Drives and entrances should be clear of students. When students are out of the building, there is still need for order and quiet; students should be kept in room groups as much as possible.
- H. If students are in the restroom when the fire alarm is sounded, they should walk out into the hall, go to the nearest exit, join student lines using that exit, and follow instructions of the teacher in charge of that group. Students should not re-enter the building until directed to do so by school personnel.

FIRE ALARM — A REAL FIRE

- A. If a fire is discovered in any part of the building, the first duty of any person discovering the fire is to turn in an alarm. No attempt should be made on the part of teachers to extinguish the fire until the safe exit of all pupils is assured.
- B. If the hallway is filled with smoke or the door will not open due to heat, the teacher will tell students to take their seats. The closed door will give 20 to 30 minutes of protection from heat and smoke. The teacher will open the window and

tell arriving firemen that they are trapped in the room. The firemen will remove the students and teacher via ladders. Students in the exterior ground floor classrooms would be able to exit through the windows.

SCHOOL SPONSORED DANCE RULES

All school sponsored dances: Face to face is the only dancing permitted. All student handbook requirements apply. If in the opinion of school chaperone a student's behavior does not meet the appropriate school standards, the student (s) will be asked to leave the dance.

PROM: It is the policy of LPHS that any Junior or Senior in good standing may attend Prom. All Senior and Juniors may ask any underclassmen at LPHS in good academic standing. A permission slip must be filled out and approved by an Assistant Principal prior to purchasing a ticket.

If a guest is no longer in high school, they must have a high school diploma, TASC/GED certificate, or be in the process of obtaining their TASC/GED. Students under expulsion from any school are not allowed to participate. The LPHS administration may require proof of such documentation. In addition, guests must submit a letter stating they are in good standing. The letter must be submitted by a non-relative. The letter need not be lengthy and may come from various sources such as a supervisor, boss, academic advisor, college RA, pastor or clergy, etc. The letter must be turned in with the permission slip. Permission slips must be filled out and approved by an Assistant Principal prior to purchasing their ticket. Guests must complete and sign prom permission slips, including a parent signature, if under the age of 18, prior to LPHS Administrators approval.

If you are a Junior or Senior in good standing and are inviting a former LPHS student, a graduate from another school, or a student of Sophomore or higher status (16 credits) from another school you must obtain a permission slip. Guests must complete and sign prom permission slips, including parent's signature, if under the age of 18, prior to LPHS Administrators approval. All permission slips must be filled out, signed and approved by an Administrator. When needing the signature of an administrator, please give to Student Services. Bring the completed form when purchasing tickets. Permission slips will be kept on file. The permission slip must be filled out and presented at the time of ticket purchase. In an effort to promote safety and the best interests of the students involved no one age 21 and older will be allowed to attend a dance.

INVESTIGATION OF SUSPECTED ABUSE/NEGLECT CASES

Once the School Corporation has made a report to the Indiana DCFS of suspected abuse or neglect, it is that agency's responsibility to direct the conduct of any investigation. Toward that end, should the DCFS request the presence of a police officer during the questioning of a child while at school, this request will be honored. For all students, but especially those of elementary school age, a member of the school facility, either a teacher or the principal, will also be present. This will be done in an effort to make the student as comfortable as possible. In certain circumstances where the student expresses a desire that school personnel not be present, this request will be honored.

The DCFS will make every effort to send a note home after a child has been interviewed by the DCFS and/or the police in order to advise the parents that such an interview has taken place. However, this will be done at the DCFS and/or the Police Department's discretion. In all events, the school principal and/or the teacher shall be advised when a student has been interviewed. Also, the principal shall be advised if a note is not being sent home by the Welfare Department. The School Corporation will make these notes available in each school for use by the DCFS.

RELEASE OF CHILDREN POLICY

In order to help protect the safety and health of its students, the Board of School Trustees of the La Porte Community School Corporation hereby adopts this policy governing the release of students.

In general, students may be released either during school hours or after school to either parent where to the best of the school official's knowledge, the parents are married to each other and still living together, or unmarried, but living together.

In the event of divorce, school officials shall release students only to the custodial parent unless the custodial parent has provided, in writing, permission for the release to any other person. In the event that court awards joint custody to parents, the school shall release students to either joint custodial parent.

School officials shall abide by any written court order which is received directing the release of students to any person.

In any other situation where a person ordinarily would have the authority to direct the release of a student and wishes the student released to any other person, such authority must be provided to the school official in writing.

In the event the school official is presented with conflicting information or for any reason is unsure as to whom a student should be released, a school official shall only release to a custodial parent or contact the Indiana DCFS and/or the La Porte Police Department, depending upon the circumstances.

Release of students must be for justifiable reasons as discussed and determined in conjunction with the building principal; otherwise students may be subject to a violation of the attendance policies.

ARRESTS

Should it become necessary for a law enforcement officer to effect the arrest of a student while in school, the officer will first contact the building principal. Upon being informed by the officer that he intends to arrest a student, the principal will provide all assistance necessary. Both the officer and the principal will cooperate in effecting the arrest in the most appropriate

manner possible so as to avoid confrontation, conflict and disruption in the school. It is not the principal's position to ascertain whether the arrest is proper as this is the sole responsibility of the arresting officer.

QUESTIONING OF STUDENTS

Law enforcement officers will not ordinarily seek to question juvenile suspects in the school setting. However, if unusual or emergency situations arise where the law enforcement officer believes it is imperative to question a student either because the student may be a witness, a suspect, or have information which is needed, the school corporation will make the student available to the law enforcement officer. The school will also contact parents to advise them that such questioning is taking place. The school and the law enforcement officer will cooperate in determining whether the questioning must proceed before the parents arrive. Any concerns about the admissibility of information received during such questioning are the responsibility of the police department and the prosecutor's office, and are not the concern of the school or the school corporation.

CAFETERIA AND LUNCH PERIODS

1. LPHS currently has three separate thirty-minute lunch periods. Students will eat lunch during the lunch period they are assigned.
2. Students may bring a lunch prepared at home or purchase food prepared in the school cafeteria.
3. Several serving lines are provided to serve the students as efficiently as possible.
4. Food is not to be delivered from outside to LPHS.
5. Students are to eat their lunches in the cafeteria. They are to dispose of their own waste in the containers provided, return trays to the area provided, and push their chairs under the table.
6. Students are expected to arrive for lunch within the passing period. If they are not in the cafeteria area within this time, they may be disciplined for being out of the designated area.
7. Students are to remain in the cafeteria areas until the bell rings to dismiss them to their classes.

BUS CONDUCT

1. Desirable student behavior on the bus is expected of all students. When riding the bus, the students are to:
 - a. Follow the directions of the bus driver.
 - b. Stay seated, facing front, in selected or assigned seat.
 - c. Keep hands, feet, books, pencils, etc. to themselves.
 - d. Not smoke, eat, or drink on the bus.
 - e. Not use abusive or obscene language.
2. If the student chooses to break the rules, the misbehavior may result in but not necessarily be limited to, the following:
 - a. Warning by bus driver and/or assigned seat by bus driver.
 - b. Removal from bus by bus driver for 1 day.
 - c. Referral to the principal on bus conduct behavior form, parent contact, and in-school conference.
 - d. Parent conference with building administrator.
 - e. Suspension from riding the bus from one to five days.
3. Students are to ride their assigned bus at all times. Permission to ride another bus will be granted **ONLY** in cases of extreme family emergency.
4. Students wishing to ride another bus must have a note from their parents and from the parents of the home to which they are going - the note must be verified and signed by an Assistant Principal.

LOCKER LOCATIONS

Lockers in the building are preceded by either the number 1-5 or letter A-J indicating the hall in which the locker is located. Numbers 1-3 and letters A-G are on the ground floor and those with the prefix of 4-5 or H-J are on the second floor.

EXAMPLE: Locker # 1.100 is on first floor, hallway #1;

Locker # 5.100 is on second floor, hallway 5:

Locker B:100 is on first floor, hallway B;

Locker J.100 is on second floor, hallway J.

LOCKER INFORMATION

Each student is assigned a locker for the storage of books and equipment. It is the student's responsibility to see that his/her locker is kept locked and in order at all times.

Students must use the locker assigned them. **NEVER** leave your locker unlocked or give your locker combination to anyone.

If your locker has been damaged or broken into, please report it to the Student Services Center and fill out the appropriate forms. All requests for repairs will be processed through the Guidance Office.

SUDDEN DEATH/SUICIDE

The Board of School Trustees of the La Porte Community School Corporation recognizes that schools today are called upon to deal with many issues which traditionally were not addressed. One of the most serious of these is a student suicide or sudden death. This Board of School Trustees while recognizing the primary parental responsibility in such cases, is concerned about the possibility of suicide threats and attempts by its students and the impact of a sudden death on the entire student body and staff. In an effort to address this very serious problem, it shall be the intent of the La Porte Community School Corporation to provide assistance to our students and staff in an attempt to prevent and deal with the suicide or the sudden deaths of our students.

Toward that end, the Superintendent is directed to formulate guidelines and procedures which implement this policy. At a minimum, these guidelines must include the following:

1. All school personnel shall adhere to all applicable state and federal laws and regulations in reporting a suicide threat or attempt.
2. Parents, the LaPorte County Welfare Department, the La Porte Police Department and any other appropriate agency shall be notified in appropriate and timely fashion.
3. Each school shall have written procedures to be followed by all personnel in dealing with suicide threats or attempts.
4. Necessary training and education shall be provided to all staff members.
5. Guidelines will be instituted and followed in all schools in the event a suicide occurs. These guidelines shall address providing education and counseling for the student body.

POSTHUMOUS DIPLOMAS

Sadly, we occasionally have students die prior to completing requirements for graduation. Guidelines for request of granting posthumous diplomas are as follows:

1. The family of the deceased should submit a written request to the Principal's office requesting a posthumous degree at least two months prior to graduation.
2. The student must have been enrolled as a student at LPHS at the time of death.
3. Posthumous diplomas will be conferred during Commencement season, but not at the main graduation ceremonies. The intent is to honor the student and to celebrate his or her accomplishments in a meaningful way while avoiding an awkward public event that may not be of comfort to the family.
4. The deceased student's name will be listed in the commencement program parenthetically noted "Posthumous." A moment of silence or recognition will be observed at the graduation ceremony for all deceased students of the class.
5. Exceptions to the policy may be approved by the Principal in extenuating or extraordinary circumstances.

ACCUPLACER TEST

LPHS follows all state requirements and guideline for required state testing. Currently the state requires students who meet certain criteria to take a college and career readiness test. The test chosen for this testing requirement is the Accuplacer test. The guidance department and/or the administration will contact students who this requirement applies to.

1. Failed Algebra ECA
2. Failed English ECA
3. Scored lower than 46 on the PSAT as a junior
4. Scored lower than 42 on the PSAT as a sophomore

Students not passing the Accuplacer test will be required to take remediation.

VIRTUAL LEARNING ACADEMY

Non-traditional students assigned to the Virtual Learning Academy are defined as students who currently do not have a La Porte High School academic day schedule. This would include students who are fifth year seniors or students who have been placed in an alternative setting by LPHS administration. All non-traditional students must adhere to La Porte High School policies and procedures including student dress code and driving procedures.

The goal of the Virtual Learning Academy is to provide an environment conducive for independent student learning so students can reach their academic goals. In order to achieve this goal, all VLA students must abide by the following policies and procedures:

- Non-traditional students are expected to attend the Virtual Learning Academy each day for a 3 hour session. Times will be arranged with VLA staff. The non-traditional program requires 20 sessions of attendance. Once 20 sessions are complete, the student may re-enroll for an additional 20 session program to maintain non-traditional status.
- Non-traditional students will utilize door #8 for arrival and departure from school. Students are to park in the F Street student lot only.
- Access to La Porte High School will be limited to G15 and the restrooms located in F Hallway. All other locations in the building may only be accessed with approval from VLA Director, VLA staff, administration, and/or guidance office.

LA PORTE COMMUNITY SCHOOL CORPORATION PEST CONTROL POLICY PARENT/GUARDIAN NOTIFICATION

La Porte Community School Corporation is committed to providing students a safe environment. It seeks to prevent children from being exposed to pests and pesticides. While pesticides protect children from pests that may be found in the school and its surrounding grounds, under some circumstances they may pose a hazard to children. Therefore, pest control practices may involve a variety of chemical and nonchemical methods that are designed to control pests effectively while minimizing potential pesticide exposure to children.

La Porte Community School Corporation practices *Integrated Pest Management* techniques, which call for non-chemical treatment for pest control whenever practical. With the exception of applications to control an observed pest that poses an immediate threat to students present, pesticides will not be applied during normal instructional hours when school is in session. The application of fertilizers and weed-control products may be applied during instructional hours while school is in session provided that the area is not immediately adjacent to student-occupied buildings.

Pesticides will be applied by certified pesticide applicators and when students and staff members are not present, such as during non-instructional time or during school vacation periods.

La Porte Community School Corporation will:

1. Inform annually parents and staff members of the corporation's pest control policy at the time of student registration.
2. Provide the name and phone number of the person to contact for information regarding pest control. ***Please contact Marc Cizewski, Director of Facilities, (219) 362-7145.***
3. Establish a registry of parents and staff members who want to receive advance notice of all pesticide use and provide such notice.
4. Provide notice of planned pesticide applications to parents and employees who have requested advanced notice.
5. Provide notice of all pesticide applications to school nurses.
6. Maintain written record for at least 90 days of any pesticide applications.

The corporation will provide notice at least two school days prior to the date and time the pesticide application is to occur. The notice will include the date and time of the pesticide application, the general area where the pesticide is to be applied and the telephone number to contact the school for more information. **Whenever possible, pesticide applications will be done during non-instructional time or during vacation periods.**

In case of emergency pesticide applications because of immediate threat to the public health, the school shall give written notice as soon as possible.
