## Covid-19 Testing Protocol/Return Information

### Application for Individual

<table>
<thead>
<tr>
<th>Individual</th>
<th>Symptomatic</th>
<th>Asymptomatic</th>
</tr>
</thead>
</table>
| Feeling ill  
Alternate explanation (strep throat, influenza, etc. as determined by provider)  
Not Covid-19 tested | May return to school/work activities after fever free for 24 hours with note from provider stating the individual has an alternate diagnosis and the provider clears the patient to return. | N/A |
| Covid-19 tested  
Negative results | May return to school/work if symptom free for 72 hours, tested negative, and with a note from provider stating individual may have an alternate diagnosis and it is appropriate to return to school/work. | May proceed with returning to school/work. |
| Covid-19 tested  
Positive results | Must remain home in isolation for at least 10 days from the date symptoms began and be fever free for 72 hours without fever reducing medications and improvement of respiratory symptoms. | Isolate at home for 10 days from the day the test was taken. If the individual develops symptoms, the isolation starts over from the first day being symptomatic. |
| Close Contact (within 6 feet for more than 15 minutes) with someone who has a confirmed case/positive test results for Covid-19 | If the individual remains symptom free for 72 hours, they can return to school/work. If an individual becomes symptomatic, refer to the symptomatic scenarios. | If the individual remains symptom free for 72 hours, they can return to school/work. |

### Application for Someone in Home

<table>
<thead>
<tr>
<th>Individual</th>
<th>Protocol</th>
</tr>
</thead>
<tbody>
<tr>
<td>Someone in the home has symptoms or is being tested for Covid-19</td>
<td>Should remain home for 72 hours if someone in the household has Covid-19 symptoms or is being tested for Covid-19. A student/employee may return to school/work if after the 72 hour period the individual is symptom free and test result for the household member is negative.</td>
</tr>
<tr>
<td>Someone in the home tested positive for Covid-19</td>
<td>If an individual in the home tested positive for Covid-19 or is quarantined because of Covid-19, those in the household should also stay home for a minimum of 14 days. You may return to school/work after remaining symptom free for 14 days, and have a documented release by a healthcare provider to return to school/work.</td>
</tr>

LPCSC Incident Report Form Related to COVID

Use this incident report form to document COVID related incidents.
* Required

1. Email address *

2. Date of Report *

   Example: January 7, 2019

3. Date of Incident *

   Example: January 7, 2019

4. Time of Incident *

   Example: 8:30 AM

5. Person Reporting Incident *

6. Location of Incident *
7. Others Involved in incident *

8. Reason for Report (check all that apply) *
   Check all that apply.
   - Suspected COVID report
   - COVID Rumor
   - COVID Symptoms Related
   - COVID Positive Test
   - COVID Negative Test
   - COVID Unknown or Untested
   - COVID Exclusion
   - Response to Positive COVID Test
   - Other (please explain in next section of report)

9. Details of Report *

10. Results of Report *
11. Suggestions for Next Time/Reflection on Improvements *
